

Golf Cart Renting Details for the Fall Camp Plymouth Sept. 13 thru 16, 2023

Golf cart rentals through Gipson Golf Carts in nearby Rancho Murieta debuted in April and they are available for the Fall meet too. The Camp Plymouth Military Vehicle Show & Swap Meet is a big venue. It is two-sided, with participants, vendors, MVs at the 49er Village RV Resort, and at the adjacent Amador County Fairgrounds which we rent for the Tent Sector campground, visitor and trailer parking lot. People like to make daily rounds from Wednesday-on to see what parts and MVs are showing up. That takes a lot of boot leather! Driving MVs is authorized but the challenge in the 49er Village is lack of parking for cars and trucks. Even inside the fairgrounds Tent Sector there is minimal if any parking unless in a rented site. The main parking lot is close, but how nice it would be to be able to have a small vehicle in your camp for driving around and pulling over to inspect sales goods or socialize without blocking the fire lanes. Those with military jeeps can usually find a camper OK with a jeep being parked at his site for a bit. Ditto golf carts. How about a four-passenger cart with a flip down flatbed perfect for your purchased items?!

The MVCC, as event promoter, set up a golf cart rental program. This is not a profit center for us. We will not rent them from the vendor, you will directly. We do not get a commission. We contacted a handful of companies and found the best deal for our participants.

Gipson Golf Carts is our approved vendor. They will deliver and pick them up. The discounted rate for a four-passenger flip cart for four days will be \$55 per day. For fewer days, \$60. Six-passenger carts are \$80 and numbers of those are limited. Ask Zach if he has enough rented so he can offer free delivery. As of this writing he has offered to split the fee with the renters. Reach him at 916-806-0920 and say you will be a participant at the Camp Plymouth event. They will do the rental agreement via email or snail mail.

They are not planning to bring carts that are not pre-rented. This might change for the Spring meet. They rented quite a few then, and I think Zach realizes there is a market for additional rentals if there are units available onsite.
