

## Rental Golf Carts for Camp Plymouth SPRING 2025 Meet

*“They’re Baaaaack!”*

By John Neuenburg

As a service to our CP participants, rental golf carts will again be available from Gipson Golf Carts for our April 16 through 19, 2025 event in Plymouth. No delivery or pick up fee for their Spring Plymouth customers! These will save some shoe leather. If you have not been to our events in Plymouth, it is large, two-sided, with our participants camping in RVs, travel trailers, or cabins at the 49er Village, and tents and truck campers across the fence at the Amador County Fairgrounds where our Tent Sector, parking lot, trailer storage, and showcase arena are.

Jeeps, Mules, and golf carts are popular due to the distance we travel around the meet to shop and see all MVs and vendors. New ones show up daily. There is very little parking inside the 49er Village, and there is no parking allowed along the lanes and roads in either of our campgrounds or in empty campsites because they won’t be empty for long (vehicles in the wrong campsites may be towed). But with a small vehicle it is usually easy to find a camper who will allow you to temporarily pull into their site while you shop or socialize or pick up parts nearby. It is harder to do that with a truck or car.

As in the past, carts must be pre-reserved and are subject to availability.

Contact Gipson directly, ASAP, at 916-806-0920 to reserve one and do the rental agreement. The MVCC is not in the transaction. We called several companies and found the best deal for you. Four passenger, electric, flip flatbed carts will be \$65 per day for a three-day minimum rental. Some six-passenger carts might be available. There will be no delivery or pickup fee at this April event! Carts are typically delivered to a space next to the 49er office, where keys are issued. This might change because the 49er is rearranging their driveway and office area. If you would like to rent one before Wednesday, tell Gipson that. They might make an early delivery. Their efficient delivery quantity is six.

Again, carts must be pre-reserved. Gipson will not likely have a person there offering new rentals.

To cancel a reservation, call them at least 48 hours before our event. You will receive a refund, minus a small processing fee. Very friendly! If any questions, Zack Bowden is their manager.
