## "KEEPING EM ROLLING, FLOATING AND FLYING FOR 36 YEARS"

JANUARY 2013 ISSUE #1

Marines take a Oshkosh M-ATV for a ride with a CH-53E Super Stallion.
The heavy-lift helicopter of the Marine Corps can carry a 26,000-pound Light Armored Vehicle, 16 tons of cargo 50 miles and back, or enough combat-loaded Marines to lead an assault.
Armed with window-mounted .50-caliber machine guns, chaff and flare dispensers for anti-air defense, and a in-flight refueling probe for limitless range and a forward-looking infrared (FLIR) imager for night and all-weather navigation. This is a true work horse (pun intended).

# EVENTS IN THE WORKS

**Camp Delta at Tower Park April 14-21, 2013**

It's just over three months to the big spring meet, the largest annual MV event west of the Mississippi! And the least expensive. If you do not have a camping reservation please contact Jo-Ann Lesser at mamalesser@yahoo.com or at 408-238-8277. Do not go through KOA for April reservations as you do for the September meet. If you have a reservation, contact KOA to make sure they have the correct arrival date and campsite number. Remember that date and if you will be delayed, make sure to phone them so they don't make your site available to someone else. If you can share your site please let Jo-Ann know. We usually have a wait list for camping and some needy folks have a small space requirement. The parking area in front of the Campground 4 restrooms and Pavilion is again for MVs only plus caterers on days they are in operation, so day-users who want to commute in their MVs will have a great place to park. Civvy vehicle parking inside the campgrounds must be in your paid campsite. Use the levee for general parking. For those new to the event, please go to www.MVCCNews.net and see general info on the event calendar page.

**Camp Delta Activities**

The big showcase in April will be USN and USMC Vehicles Friday morning. Contact POC Stoney Brook at stoneybpi@aol.com or 831-345-6465, or his assistant Paul DeNubilo at denubilo@roadrunner.com or 805-497-7020. Let them know what you want to bring so they can plan. Consider volunteering to help with vehicle placement or to help with specific categories of MVs. Do you know people with qualifying MVs who do not know about this event? Please tell them! Supporting equipment displays are welcome. We will again have awards for "Longest Distance Driving an MV," "Longest Distance Transporting a MV," and "Hard Luck Award" (getting to or at the meet). Friday will be "Uniform Day" so if you have them, wear them! Of course any day is OK to display obsolete militaria. If you want to do a seminar, discussion group, or a special display at your campsite or in a common area, please let me know and I can add it to the official schedule. Remember that the display field/LZ, the grass area in front of the pools and CG4 restrooms, and the grass on the other side of the Pavilion are for approved displays. These are not dry camping areas although living history camping may be authorized. You may use the display field for vehicle photos or casual displays but please look at the posted schedule of activities for conflicts and do not leave your vehicle unattended because this can turn into a helicopter LZ or something else unannounced. For activities information, contact John Neuenburg at in_garage@hotmail.com or 415-306-3607.

If you have any questions or have information regarding a meet or activity in your area, contact your regional vice president or any of the officers to let them know. Be sure to visit our website for any last minute activities or changes to activities/events. Please submit information regarding upcoming activities to the newsletter editor at least two months before the scheduled event. All articles must be submitted to the newsletter editor by the 15th of the month.
MVCC News Editor Dave Ball vought@msn.com

# FROM THE EDITORS

Past MVCC President and Editor Roy Hamilton contributed this article for publication Into the MVCC NEWS.
It ran in the October 1983 issue.
Lee Hutchins was the Editor.
Titled: "The appropriate paint scheme for the famous 1942 ¾-ton Dodge T-214 Engine"

LIGHT GREY: (This is a very light grey, like a smoke white). Engine block, bell housing, oil filler pipe, generator mount, water pump, thermostat housing, crankshaft pulley, manifolds, oil filter mount where bolted to the head, carburetor air horn if equipped with a carter carb, all sheet metal such as the oil pan, etc., transmission all except the tower which is olive drab.

Satin Black: (gloss is ok as it usually dulls a little). Oil filter housing and bands, fan and pulley, starter, generator, horn, horn bracket, air cleaner, carburetor air horn if it has a zenith carb, engine breather cap on the oil filler tube.

Crinkle finish black: voltage regulator.

Kelly Green: Background color for 12 volt electrical data plates.

Red: Background color for 6 volt electrical data plates; Distributor data plates.

Original olive drab paint for WW2 is 34087. Shade 319, Ditzler paint co. has a lusterless acrylic lacquer in 34087; their number is Ditzler DDL 44721.

**From the current editor Dave Ball**

I would like to say thanks to all those that have contributed to the newsletter. Your contributions not only help me but make the newsletter what it is.
This is an election year and I would like to encourage everyone to think about running for office.
I would also like to encourage every member to consider becoming the newsletter editor.
I have streamlined the job and made it so it is much simpler. We print our newsletters at Office Max and the labels are printed using Word mail merge and an Avery label template and labels from Office Max.
Doing this and changing to a page on page corner staple has saved the club a couple hundred dollars a month in costs. Using the 6x9 envelopes saves us half the postage every month. I use Microsoft Publisher and Adobe Acrobat X pro to create the newsletter.
I have created a procedure manual with the steps I use to build the newsletter. I will pass that down along with my templates. Please consider becoming the MVCC editor.
If you look at this month's classifieds you will notice many ads have a date of 1/13, that is the expiration date. The ads with that date in the bottom right corner will not be in the February 2013 newsletter.
Call or email me if you want to extend your ad.
I will take ads in any format you would like to send it in. As long as I can read it and there is contact info that jives with the roster I will type it up and include it in the next newsletter.
So with that said I know we all have OD stuff we need to move on in hope that someone can use it thus turning it into cash we all can use. I also know if you are like me you can use the storage space.
With Tower Park just down the road, it's a good time to get those ads in now and you can deliver that OD stuff you no longer need in exchange for more space and cash. Just an FYI the MVCC Secretary Treasurer handles all money transactions and membership issues for the club. The Editor handles all Newsletter issues for the club. If you have business ads, quarter, half page or full-page or business member cards you would like to run you can send me the ad or business card and after you have paid the Secretary/Treasurer and I get the go ahead I will run the Ad or Card. All invoicing needs to be worked out with the Secretary/Treasurer.
Thanks, your Editor.

President Kurt Lesser
(408) 238-8277
papakb@yahoo.com

**Presidents Message, January 2013**

Welcome to 2013, a year that promises to hold many changes for the MVCC. This is an election year and as always, all board positions are open for nominations. A few months back I wrote up some basic guidelines for our board positions and I hope some of you took the time to read them and begin thinking if you have something to offer the club we all enjoy so much. At the General Membership meeting at Tower Park in April we will be taking nominations for all positions, however, you can approach any officer at any time with your nominations. Ballots will go out in May and will be tabulated in June. Newly elected officers will be seated on July 1st in accordance with our Bylaws.

Speaking of Bylaws, we will be rewriting the MVCC Bylaws this year to better reflect the size of the club as it is now and to meet the new state guidelines for organizational bylaws. We will be drawing heavily on the MVPA Bylaws and will be more clearly defining Bylaws and Policies, something we haven't done well in the past. Our Bylaws have evolved from the original set drawn up 30 years ago and are out of date. The board will be holding a Bylaws specific meeting in late January or February to develop and redefine our Bylaws. After a review by our lawyer we will publish the Bylaws and ask for membership approval. This will not be a line by line ballot but a simple yeah or nay to the published copy. It's important for you to understand the difference between Bylaws and Policies even though they are linked together. Bylaws require a membership vote to change any article or section. Policies on the other hand can be changed by the MVCC board as they deem necessary.

Another change to look forward for is the way camping is handled at our 2 Tower Park meets. The April meet was sold out after only 3 years at the park and it's been a continuous job working with KOA to manage sites. These meets are Military Vehicle Collectors of California meets and based on that, priority for spaces will be MVCC members first and non-members second. We negotiated an MVCC rate for sites that KOA initially extended to all attendees. This will change but it may not happen before the April meet. MVCC members will pay the current negotiated rates. Non-members will have 2 options. They can either join the MVCC and pay the current rate or they will begin paying regular KOA rates for their spaces. This can have significant advantages for MVCC members. We pay $44 for the developed and pull-thru sites as opposed to the $47-$60+ KOA rates. The details aren't finalized yet and will be published here and on the website when they are.

Finally a comment on our annual dues. We've been asked to send out invoices for dues as a better reminder than just a blurb in the newsletter. That's why there's a card and envelope coming. The card is to remind you that dues are expected to be paid before the end of April each year. It's also to help avoid mailing errors as our club address has changed. The PO Box in Carmel is no longer active. Any mail received there should be forwarded to the new address in Monterey but from personal experience the USPS doesn't seem to be doing such a bang up job. The new address for the MVCC is:

MVCC
c/o LK Viola
P.O. Box 4066
Monterey, CA 93940

Please make a note of this new location.

Keep 'em Rolling
SUPPORT OUR TROOPS
Kurt

# MVCC STAFF

Secretary/Treasurer LK Viola
831-372-8228
P.O. Box 1765, Carmel, CA 93921
sec-treasurer@mvccnews.net

It is NOT time to pay your dues in December, sorry for the confusion. Please, please do not send me your dues for 2013 until 2013 (Feb, March or April would be great).
If you want to catch up for 2012 to start receiving your MVCC Newsletter again, send us $30.00. If you also want to pay forward to include 2013, $70.00 now will carry you through to April 30, 2014.
Are you are new Member, or want to re-join after an absence? $15.00 will take you just to the April 30, 2013 deadline when your regular 2013 dues of $30 will be due. OR, $45 now will put you on the roster till April 2014.
Remember, no matter what, dues are due no later than April 30, every year now, not by December 31 as in years passed.
IMPORTANT: The "L-K Viola, MVCC Secretary Treasurer" mailbox address has changed to: P.O. Box 4066, Monterey, CA 93940 HAPPY NEW YEAR!

North Bay West VP John Neuenburg
(415) 491-1601
in_garage@hotmail.com
Divisions 415, 707 west

Happy New Year! I hope everybody had a joyous Christmas, Hanukkah, or whatever floats your DUKW. I hope you had a fun and productive 2012 driving your MV, restoring it, buying or selling parts, looking for your first purchase, or participating in a related hobby. Now we're in a new year and look forward to a bunch of great events!

Please take a minute to think about past events that weren't advertised in the newsletter or web calendars, or showed up too late for folks to prepare. Your regional VPs publicize what they know about but we often rely on you to inform us of things going on. If you know an event promoter and think their event will repeat in 2013, please contact that person to ask. Then either send the info to Dave and Sean or to a club officer so we can help get the word out. All members are encouraged to submit info directly to either Editor.
—John—

Hello on this cold windy fogy day with rain on the way. Veteran's day in American Canyon had a big turnout. I took my 41 WC1 everyone was thrilled. Bill Jacobson reports that Mr. Mort Mitchell brought three vehicles to the parade in Fairfield: M151 jeep w/ trailer, M1009 CUCV and M818 5-ton truck. He placed second in his division; Military Vehicles. Congratulations!

Christmas is right around the corner and I cannot think of anything I need so please don't send me anything this year. The Wright Brothers had there first flight on 12-17-1903, WOW look how far we have come in only 109 years. Easter will be in March, Titanic sank in 1912. Get your green stuff ready Tower Park Spring meet is 04-14 to 21-2013. To all have a Happy and safe New Year!!!

"Hello to all from the East Bay,
December 7th 2012... 71 Years Ago at 7:55 a.m. Pearl Harbor time, the U.S. Fleet laying at anchor was attacked by the Imperial Japanese Navy, "TORA, TORA, TORA". At 8:00 Our MVCC Convoy, crossed the bridge to Government Island Alameda ( the U.S. Coast Guard Base ) MVCC members, John Place with Miles Young in John's 1942 GPW Jeep and Standing Tall, Manning the .30cal gun was Admiral Zukunft, Commander, Pacific, Area Coast Guard Defense Force West, who was the keynote speaker at the Pearl Harbor Day Services. Randy Parent MVCC (and CG AUX) followed in his1944 GPW , and I and Frank Musso WW 2 and Korea War Veteran in my 1939 Navy Staff Car. Laurie Kerr, MVCC (CG AUX ) was support vehicle and photo taker and Larry Olson (CG AUX) displayed his pristine WW 2 weapon collection from Army 45 To M1's, Springfield etc. There were three Pearl Harbor Veterans in attendance , one from the U.S.S. West Virginia John Rauschkolb, one from the U.S.S. St. Louis Clarence Byal and U.S.S. Coast Guard Veteran George Larson. John Rauschkolb told his story to reporters from the local KRON TV news, how the West Virginia took at least four torpedoes as well as armor- piercing shells. All the these WW2 veterans are in their 90's. It was a very moving tribute to the survivors and the men and woman who lost their lives in the beginning of America's involvement in almost 5 years of war in the Pacific and the European Theater .The service ended with , Rifle Salute, Taps, Bag Piper and God Bless America, sung by all, followed by all the service songs. We then adjourned for Donuts and coffee reception. That's all for now, Over and out , The 40s Larry.

# IN THE SHOP

## Year of Manufacture license plates
## Dennis Deck

Years ago I bought a vintage California plate for my 1945 Willys jeep. 1945 and 1946 is sometimes a problem because these are two years that California had a single plate.
The year of manufacture law says both plates are required. Obviously you can't have two plates if only one was issued. So if you have a 1945 or a 1946 (tab) plate be prepared to show evidence that is was a single plate year.
The procedure is straight forward. Go on line and fill out the YOM application. Take your current registration, pink slip, license plates the new plate and proof of insurance to the DMV. I recommend you go on line and make a reservation. I went to the Roseville office and even though they were very busy I was called up on the reserved time.
The clerk with check all the information and take your old plates and photocopy your new plate. He will collect your $45 fee – check or debit card. He will give you receipt and tell you the paperwork will be sent to Sacramento. He will tell you not to put the YOM plate on your car until you receive approval from Sacramento. You will then go to another window to get a red tag for your windshield. It is good for 90 days. When you are approved you will get a plate with the annual sticker. Tom Hovis got a small plate to put in his glove box. The annual fee for these plates is an addition $10.
If you a fortunate it will only take about 20 minutes. A friend went to Davis and spent 2 hours. You don't need to go to your local DMV and in some cases a longer drive might save time.
The whole process took 30 days from the time I applied. The DMV sent me a registration slip with the new license plate in a month and year sticker to keep with the vehicle.
Here is a link to the new legacy plates that DMV now offers.

**FOR SALE:**1941 Dodge 4X4, most all original and in great shape. I an considering selling after having it for over 30 years. Please respond to Bill Huston, bhuston20@northidaho 1/13

**For Sale:** 13ea 1100x20 tires and wheels 12 ply, $100ea. OBO Mike Roulette 775-883-0269 1/13

**For Sale:**
**Athey Hand-Crank Bomb Crane** on Athey Tracks. $2500. **Antenna Tower**, 50' trailer-mounted 3-section telescoping TRI-EX steel antenna tower model HZN 354. Approx. 30' OAL when lowered for travel, 50' tall when raised and extended. Can be removed from the trailer if desired. Was originally set up with a generator, lights, etc. Originally designed with a cable & pulley system to raise the tower, and then to extend the 3 sections, but cable and winch are now missing. Pulleys in the tower sections are all there I think. Pintle or pin-type hitch will pull this trailer. No title, license plate, lights, etc. $600.
**Braden winches,** bare bones with no mounting brackets or control levers, (1) MU2, and (1) MU2A.
(2) **1950 Budd wheels,** 6-lug 20" M-series bolt-together or combat-style (with old 1200-20 tires).
**Chevrolet & GMC** WWII truck parts, call or email what you need.
**Dodge M37** parts truck, good running correct original T245 engine, 4-speed transmission with PTO, 2-speed transfer case, (some drivelines are missing, and I am told the front axle is not the correct one: out of an M715 (?) Brake condition unknown. No bed. No title. $800.
**1953 Dodge M37** or M56(?) Military 4x4 Fire truck. Correct original 6-cylinder T-245 flathead engine, 4-speed transmission with extremely rare Tangen power take-off located on top of the transmission. Approx. 128" original extended wheelbase. I am told this was running when parked - have not verified that yet. According to one source, only 130 of these were made, but it also says in 1955, and this is a 1953. Tires are all rotten. Back of truck is completely open with none of the original tanks, pump, or any other fire equipment. Looks like a set of ladder racks on the RH side. There is some body damage on the right rear. This was very nicely built with some use of aluminum.
**Dodge M37 parts**, call or email what you need.
**Navy Trailmobile Tank Trailer,** 2-axle pull-type steel tank trailer for fuel or oil(?) Pintle hitch, steering front axle, spring suspension, solid brass top hatch/lid. $600. Located in Geyserville, CA. Richard @ 707-484-8257 or rpironman@hotmail.com 2/13
