**April Camp Plymouth**

**Tuesday 4-14 thru Saturday 04-18**

Time to put away your holiday decorations and get ready for Camp Plymouth at the 49'er RV Resort and the Amador County Fairgrounds. The MVCC has been charged by the RV resort and the Fairgrounds to now take all registrations and payment. If you attended in September 2019, this is how reservations were handled. It's a new way of doing things and might be a bit confusing. Hopefully I can help with any questions that might arise. You will find in this issue the registration form and a page or two titled "Operational Orders." The form is simple enough to fill out. If you attended the April 2019 event, you should use that space number when filling out the form. If you've forgotten your space number, no worries I have that information. Returning attendees registrations form will be accepted starting January 1, 2020. New attendees registration forms will be accepted and filled starting February 1, 2020. New attendees please mark "new" on the space# line on the registration form. I will assign you a site when I receive your registration and will follow up with you. If you have spoken or e-mailed me regarding a site move, I will do my best to accommodate your request after all returning members registration forms have been received.

A few things to keep in mind. Registration forms will be accepted and processed as they arrive and sites will be filled first by those that attended in 2019. New registrations will be filled after returning members registration forms have been received.

The deadline for all registrations will be March 15, 2020. Do not procrastinate in returning your forms and payment. The MVCC has deadlines to meet with the RV Resort and the Fairgrounds and may not be able to hold sites indefinitely. Any sites not registered for after March 15 will be considered open and available.

**Cancellations with full refund must be received by March 30,2020.**

**Cancellations after April 1, 2020, will be considered on a one-on-one basis with possible loss of payment.**

**No refunds will be issued during the event.**

Hope all of you had a wonderful holiday season and are ready to roll into 2020! Things have been quiet since the San Francisco Mayor's Veterans Day Parade, but that event was special. Wallace Levin the VFW Parade Coordinator is always thrilled to have the MVCC participate. We had 3 vehicles there this year in addition to the Memorial Squadron who did multiple fly-by's over the Bay with 10 aircraft! Over the holiday I refurbished a bench mill I picked up and am looking forward to making some parts. It's funny how one project leads to another, and another, and another... Speaking of projects, at SLHS the kids and I have started working on a M38A1. This is going to be interesting! I think we have parts from 3-4 Jeeps and are attempting to assemble one. It may be a bit of a mongrel when done, but I'm hoping it will provide the kids with a good learning experience and be a bit of fun. Did I mention I know very little about Jeeps? I can say that the kids are getting the hang of using the torch and bees wax to remove rusty hardware quickly. We even had the 3/4" breaker bar out today! I'll have to take some photos when there's more than a bare frame on the lift. If you know of any events in the 510/925 area give me a shout and I'll spread the word. I look forward to seeing you in 2020! Two pictures from SF Vets Parade below.

Happy New Year

Hello North Bay West and beyond,

Happy New Year to the membership! This year should be an active one for MV events. It is the 75th Anniversary of VE, VJ Days, and the ultimate end of WWII. Lets get out there and educate the younger generations and promote the saving of these machines that won our freedoms that we enjoy today.

I wanted to start by giving an update on the Veterans Day Parade in Petaluma. We had great weather for the day and all of our North Bay crew was in attendance. I believe the count was 26 vehicles in our group alone. It seemed a bit lite, but we typically get 25-30 vehicles in a normal year. It was good to reunite with the "Spearhead VI" boys! I hadn't seen many of them since we were in Europe for the 75th.

A couple events that I wanted to promote are the Citrus Fair Parade in Cloverdale on Saturday, February 15th. The parade starts at 11Am and if I remember, line up starts at 10AM. The North Bay Group does this one and always has a spot in the parade. So, if you are able to come there will be a spot for you with the other MV's. They are celebrating the 75th Anniversary of the end of WWII. It usually rains, so it's a chance to show off your canvas in a winter impression. Great small town parade and a fun drive through the Sonoma County wine country to get there.

Another event that I like to promote is member Ryan Shelly's Winter Expedition in Gold country. This is a camping and trail driving snow trip. The dates are Feb. 27- Mar. 2, 2020. Those that have attended this meet will tell you that it is a blast! Contact Ryan for more information and show up to play in the snow. Next is the Spring Meet at Camp Plymouth! It is coming up quick. Make sure you have secured your spot. I am looking forward to seeing how we grow this event from last year.

Happy holidays MV friends,

The rains are finally upon us and it's a bit chilly out there. The holidays are also right around the corner so the wife and I took the opportunity to give thanks to our fallen military by participating in Wreaths Across America by placing wreaths at the Sacramento National Cemetery in Dixon CA. on Saturday December 14th. Luckily the weather was good and we didn't have to dress for rain. Tons of people participate in this annual event. We've done this event before, and as crowded as it gets, it isn't a great place to bring a big MV although I bet a few jeeps, humvees, M37s would be a big hit. Maybe we can get a few to participate next year. We also participate in the wreath removal. It's scheduled for Saturday January 11th at 7:30am. I brought the M35A2 last year. It was a tight squeeze getting around all the cars but was well worth it. That truck can hold a lot of wreaths. Please reach out to me if you want to join us for the cleanup.

Last month I mentioned tackling the halftrack project and sharing the progress. Well, I have made some progress but got side tracked on a couple other projects so I'll share halftrack progress next month.

Instead, I buckled down and finished painting the welding tanks for the wrecker. They are display only but did come off an actual military wrecker. They are a unique size so it took me a bit to find them. I ended up finding them in Georgia. I got lucky and someone I knew was driving thru there heading West so they got a free ride to California. I also needed to replace the CUCV fan, water pump, brake and alternator's belts. I used the M1008 truck the other day and lost all the belts at once. It was challenging to drive with no power steering and no brakes! Anyway, apparently there is quite a bit of discussion in regards to the size of the replacement belts. I ended buying the three belts (shown in the picture). They were a tight fit. To install, get them over and past the crank pulley first. Then put them on the pulley of either alternator or the power steering pump. Using a 1/2" socket, rotate the motor crank and feed on each belt. This process worked great and the belts are a nice tight fit. Tons of adjustment left for belt stretching and no squealing. I also got around to making a gun ring adapter plate for a German MG3 gun ring but I'm saving that discussion for next month along with halftrack progress. Please send me info on any upcoming events so I can share them with fellow MV'ers. Merry Christmas and Happy New Year.

Big Mike.

Message from 530-916-279, Dave Porter:

Greetings from the North!

Hope this holiday season finds you all well and happily engaged in preparing your Military Vehicle (or vehicles in my case...) for the upcoming April meet. Nancy and I have been in contact with the 49er and the Fairgrounds at Plymouth, lining up activities and other details like food trucks at the Fairgrounds. You'll be happy to know the MD Juan jeep kit will be there, on display and ready to raffle off to the winning ticket holder! Watch for details in this newsletter as we get closer to April.

Speaking of activities, there are a couple winter events coming up in February, for those of you in the area: Camp Gridley, President's Day weekend, February 14-17, 2020 at the Butte County Fairgrounds in Gridley. Camping in the cold and the rain? Why not!

Vintage 4x4 run, February 29, 2020. Contact Ryan Shelley (ryanshelley@hotmail.com).

Drive your vintage rig and test those NDTs in the snow! Leaves at 0900 from the Crossroads Café in Somerset, CA.

See you there,  
Dave Porter
