

Rental Golf Carts for the SPRING 2026 Camp Plymouth Military Vehicle Show & Swap Meet

By John Neuenburg

As a service to our participants, rental golf carts will again be available from Gipson Golf Carts for our April 15 through 18, 2026 event in Plymouth, CA. These must be pre-ordered from Gipson, and there will be no delivery or pick-up fees! If you have not been to our events in Plymouth, it is a large, two-sided venue. Participants camp in RVs and campers or rent cabins at the 49er Village and tenters and truck campers stay next door at the Amador County Fairgrounds where our Tent Sector, parking lot, trailer storage, and showcase arena are. Or participants commute from hotel or home.

Since driving MVs and golf carts throughout the event is authorized but parking within the event is scarce, small vehicles like jeeps, Mules, and golf carts are popular. Parking along the roads is forbidden, as is parking in empty campsites because they will not be empty for long (vehicles in the wrong campsites may be towed). But with a small vehicle it is usually easy to find a camper who will let you temporarily pull into their site while you shop or socialize or pick up parts nearby. Normally it is harder to do that with a car or pickup. Please ask permission!

As in the past, carts are subject to availability. Contact Gipson directly before the event at 916-806-0920 to reserve one and make the rental agreement. The MVCC is not in the transaction. Gipson is not planning to have a person there offering new rentals.

Four passenger, electric, flip flatbed carts will be \$65 per day for a three-day minimum rental. There will be no delivery or pickup fee! Carts are typically delivered to a space next to the 49er office, where keys are issued, and we do not yet know how that will be laid out due to the big remodeling of the entrance area.

If you want a cart delivered before Wednesday, best do your deal early so they can plan. They have an efficient delivery quantity of six, so if enough people want carts on say, Tuesday, they will probably send a trailer load then.

To cancel a reservation, call them at least 48 hours before our event. You will receive a refund, less a small processing fee. Very friendly! If any questions, Zack Bowden is their manager.
